Auswertungsbericht Lehrveranstaltungsevaluation an die Lehrenden

Dear Mr. Prof. Dr. Alexander Mädche, Dr. Ulrich Gnewuch,

With this letter you will receive the automated Evaluation Report of your course „Doctoral Course: Design Science Research“.

Your course „Doctoral Course: Design Science Research“ has the course quality index of LQI = 100.

The evaluation of your course is carried out as described in the steps below:

First the evaluation results are presented in the form of frequency tables. Behind each question the number of obtained answers (n) is displayed.

In the histograms of the five-scale-questions you will also find the average value (mw) as well as the standard deviation (s) for each respective question. In addition to the histograms, you will also find the mean (mw) and standard deviation (s) of the respective question regarding the 5-point scale questions. For some questions we identify a traffic-light symbol. Those questions will be used for quality assurance aspects of teaching.

After that, all five-scale-questions are shown in a profile-line-diagram. At the end you will find all replies to the open-ended questions.

Kind regards,

Your evaluation team at KIT
